LUXURY TILES CLICK DESIGN BY KÄHRS

With over a hundred years of knowledge and passion about working close to nature, using, and refining its' raw material, we know what wood means to people.

Just as much as we value traditions and feel proud of our heritage in the craft, we are also strongly motivated by our desire to exceed expectations. We continuously strive to develop, improve, and make tomorrow's range of floors even better.

With all our knowledge and passion for wood we wanted to use all our expertise to merge design with innovation and create new possibilities. The beautiful wood design and versatile function in our Luxury Tiles Click gives you a floor beyond expectations.

KÄHRS LUXURY TILES CLICK 6 MM IMPRESSION WOOD COLLECTION

DOVECOT / ANETO

With Impression, we have carefully hand-picked a collection of the most beautiful wood and stone specimens and recreated them with incredible accuracy. From warm and elegant oak to timeless granite, Kährs Impression guarantees timeless, yet modern elegance.

EXTRA LARGE FORMATS FOR EXTRA IMPRESSIVE FLOORS

Our Impression vinyl floors come in extra-large formats: The wood collection comes in planks measuring an impressive 220 x 1829 mm, while the stone design tiles come in 457 x 914 mm. These larger formats enhance the material's natural impression, make smaller rooms feel larger and give larger rooms an elegant look.

SIZE
Breeze, Nature and Nordic Classic: 6 x 218 x 1210 mm
Herringbone: 5 x 120 x 720 mm
Impression wood: 6 x 220 x 1829 mm
Impression stone: 6 x 457 x 914 mm
Stone 6 mm: 6 x 300 x 600 mm
Wear class: 23/33/42

5G CLICK

All floors in the Click format have the unique 5G locking technology which enables easy installation. Click Herringbone has a Click 5G-joint

WATERPROOF MATERIAL

All floors in the Kährs Luxury Tiles range are made of waterproof material, as they are free from any organic materials.

SOUND REDUCTION

All floors have IXPE sound-reducing backing, effectively controlling noise and reducing the sound up to 20db. Click Herringbone does not have an IXPE backside

RIGID CORE

The floors feature a rigid core, made from a composite of vinyl and stone dust. This gives the floor superior strength and stability - and also makes the floors easy to install.

FREE FROM PHTHALATES

All Kährs Luxury Tiles floors are phthalate-free.

UNDERFLOOR HEATING

All Kährs Luxury Tiles can be installed on an existing floor, making them ideal to use in renovation projects or when you want to retain the existing floor. They are also ideal for installation with underfloor heating.

CERAMIC COATING

The surface of the Luxury Tiles floors is treated with a strong ceramic coating, which gives the floors superior resistance to wear and tear, scratching and water.

Wear class 33

BEAUTIFUL FLOORS FOR EVERYDAY LIFE

MOESGAARD

KÄHRS LUXURY TILES CLICK
BREEZE COLLECTION

The Breeze Collection is inspired by the subtle variations in nature painted by the wind. The collection consists of six modern and beautiful colors, in an inspiring range from sandy tones transitioning into darker shades, creating both depth and calm.

The serene color scale and the soft and natural tones create an inspiring and versatile foundation for a modern home. The look and feel of the design has been created to reflect a calm look of wood with less knots and cracks but with a variation in grain which creates a soft contrast. With a micro-bevel on all edges the one-strip plank design has been accentuated to add that extra touch to your home.

NATURE COLLECTION

The different tones and nuances have gathered its inspiration from the crispy and bright shades found in widespread dunes, the golden afternoon light and the deep earthy tones found in a dense forest. The design has been created to give a lively look of wood with subtle yet obvious graining, cracks and knots. The one strip-plank design has been accentuated with a micro-bevel on all edges which creates a premium effect.

Nature is loaded with hues and variations and that has inspired us to create the Kährs Luxury Tiles Nature collection. The collection's color scheme sweeps through nature and comes in seven vibrant colors.

KÄHRS LUXURY TILES CLICK
NORDIC CLASSIC COLLECTION

The handcraft has been a part of our DNA since day one and having our roots in the Nordics makes it easy to be inspired by the nature that we live in. With gratitude for our heritage, we introduce The Nordic Classic Collection. In a wide range of nine grounded colors, the collection reflects the diverse landscape of the north. The shades and nuances have gathered their inspiration from the light dunes, long coastlines, deep forests, and high mountains found in our northern landscapes.
